**Re: City of Bellevue Local Permit: #15-108435-WA and 15-108436-WG
Approved Shoreline Conditional Use Permit 2016-NW-3321**

Dear Ms. Cole:

On June 13, 2016, the Department of Ecology (Ecology) received the City of Bellevue decision on your Shoreline Substantial Development and Conditional Use Permit authorizing expansion of an existing waterfront park, including a new human-powered boat launch, expanded swim beach, children's play area, moorage, and a pedestrian pier. The project also includes upgrades to the historic whaling building, shoreline habitat restoration, and installation of parking sufficient to support both park and marina use.

By law, Ecology must review Conditional Use Permits for compliance with:

- The Shoreline Management Act (Chapter 90.58 RCW).
- Ecology's Conditional Use Permit approval criteria (Chapter 173-27-160 WAC).
- The City of Bellevue Local Shoreline Master Program.

After reviewing Conditional Use Permits for compliance, Ecology must decide whether to approve, approve with conditions, or disapprove them.

Our Decision:

Ecology approves your Conditional Use Permit provided your project complies with the conditions required by the City of Bellevue's decision dated May 20, 2016. **Please note, however, that other federal, state, and local permits may be required in addition to this shoreline permit.**

What Happens Next?

Before you begin activities authorized by this permit, the law requires you to wait at least 21 days from July 5, 2016, the "date of filing." This waiting period allows anyone (including you) who disagrees with any aspect of this permit, to appeal the decision to the state Shorelines
